The step taken by King Peter is doubtless designed to bring about a resumption of diplomatic relations between Servia and the United States, which lapsed after the assassination of King Alexander and Queen Drago.

The difficulty automobilists find in protecting their faces has at last been satisfactorily solved, says a Paris cable dispatch to the New York Herald. Ugly masks and goggles are now likely to be cast aside for a new mask, which is strong and transparent and modifies in no way the appearance of fair complexions. It is constructed of transparent horn, with the usual spectacle glasses, and thus obviates the danger of fire so much feared with inflammable celluloid masks.
